## || BIO ACTIVITY

FORGOTTEN FUTURE is the alias and solo project of **platinum album** film & electronic music composer, sound designer **Julius Dobos**, who is known for his music in such cult movies and television shows as *Dragon Ball Z*, *You Don't Mess with the Zohan*, *Mall Cop*, *NCS*

Dobos launched the **FORGOTTEN FUTURE** project with the release of the album "**W**" in early 2015. The album invited audiences for a musical journey that was unique and personal, both in its sound and in its concept.

**Vincent Villius** (Aes Dana of Ummah Records) and dark ambient pioneer - mastering engineer **Robert Rich** also contributed to the production of the album.

**W** was hotly received by the psybient scene worldwide, and continues to enjoy the support of thousands of fans.

- 2015: Release of **forgo en future: Realignment**, featuring W1 remixes by producers Cubricon and BrokenSine.
- 2016: forgo en future **draws the event's largest crowd** to the electronic music stage at the **Annual SubZERO Festival** in Summer 2016, San Jose, California.
- 2016: **AstroPilot Music** releases forgo en future: *Breakthrough* [Chroma Mix] on the psybient compilation *Colours II*.
